OHCWA
17 Monash Ave
Nedlands

FEE (inc GST)
$880.00
Limit: 20 (includes lunch, morn/aft tea)

CONVENOR
Dr Jenny Ball

CPD HOURS: 6.5

Module 2 builds on the pain and anxiety control techniques taught in Module One (Psychosedation, Oral Sedation and Nitrous Oxide). It provides further alternatives to allow the clinician to alleviate a patient's anxiety and pain.

This module, in conjunction with Module One, provides a comprehensive review of, and practical experience, with techniques that are available to relieve pain and anxiety in the dental office.

Topics Include:

- The utilisation of analgesics in the Dental Office - Paracetamol, NSAIDS and Opioids
- Advanced Local Anaesthesia techniques:
  - (Higher) Inferior alveolar nerve block.
  - Gow-Gates mandibular nerve block.
  - Incisive (mental) nerve block.
  - Akinosi-Vazirani mandibular nerve block.
  - Infra-Orbital nerve block.
  - Anterior Middle superior alveolar nerve block (AMSA).
  - Palatal Approach to AMSA.
  - Use of The Wand.

Learning Objectives:

- Understand the utilisation of analgesics in a Dental Office in terms of how they work and prescribing appropriately.
- Administer local anaesthetics successfully and in a safe manner with minimal risk to patient and operator utilising infiltration and regional nerve block techniques.
- Gain experience with the Wand, a computerised local anaesthesia administration system.

IMPORTANT NOTE

During the practical session, participants will be able to apply advanced local anaesthetic techniques on each other including the Wand. It is essential that all participants wishing to perform any procedure on a colleague in a learning environment are registered dental professionals in Australia.

About the Presenter:

Dr Steven Parker completed his Dental degree (with honours) at the University of Queensland in 1985. He has since completed postgraduate diplomas in both oral surgery (Otago University 1997) and sedation and pain control (University of Sydney 2000). Steven operates a referral based oral surgical practice in NorthWest Sydney where he provides treatment under General Anaesthesia, Intra-venous sedation, Inhalation sedation and Local Anaesthesia. He also provides IV sedation services to Dental Practices for nervous and phobic patients.

Steven has been involved in post-graduate training and continuing education for over a decade and has lectured widely throughout Australia and overseas. He also gives practical courses on Advanced Local Anaesthesia and Everyday Oral Surgery for General Practitioners.
