Course Outline:

This full day course will cover two topics that are relevant to the general practitioner for two very different reasons.

Clin/Assoc Professor Dieter Gebauer will present an update on oral maxillofacial surgery. Oral surgery is something you either love or dread. His presentation will guide you through day to day oral surgery issues and update you with what is happening with regard to high end surgical procedures.

Ms Fiona Gebauer will discuss social media and how best to target your consumer through a number of platforms.
