Course Outline:

There will be a substantial practical hands-on component to this course.

This course is designed for practitioners who are interested in providing multiple ceramic restorations for their patients. It is designed as a "follow-on" to the course in June by Drs Behari and Gorgolis.

The focus will be on achieving practical instruction and guidelines for the diagnosis and treatment planning processes required to facilitate multiple unit restorative dentistry.

The program will be governed by the conformance treatment approach to patient management.

Lecture Component:

- 1. Recognition of appropriate cases. 2. Case work up. 3. Treatment staging and coordination. 4. Relevant practical procedures. 5. Material options.

The practical component will focus on:

- 1. Tooth Preparation for Multiple Ceramic Veneers. 2. Tooth Preparation for Multiple Ceramic Crowns. 3. Predictable Impression Techniques. 4. Digital Impression Techniques. 5. Occlusal Registrations & Articulation. 6. Provisional Restoration manufacture. 7. Bonding/Cementation Protocols.

About the Presenters:

Dr Asheen Behari is a general practitioner in private practice in Claremont, Perth. He graduated at the University of the Witwatersrand in 1993 and has completed a Post Graduate Diploma in Clinical Dentistry in Oral Implants at the University of Sydney.
