

August

Biological Basis of Interdisciplinary Management

Presented by Dr Chris Wholley and Dr Graham Carmichael

Date

Friday 31st August 2018

Time

Registration: 12.30pm
Course: 1pm-5pm

Venue

ADA House
54-58 Havelock St West Perth

Fee (inc gst)

\$264.00
(Includes light lunch & aft tea)

Convenor

Dr Jenny Ball

CPD Hours: 3.5

Course Outline:

Multidisciplinary treatment may be required to deliver an optimal outcome in comprehensive rehabilitation of both adolescents and adult patients. Modern technologies improve the treatment potential through effective assessment of dental and orofacial structures throughout growth which may influence treatment techniques and timing.

This program will highlight some key diagnostic assessment strategies and tools available in contemporary practice, and also provide the clinician with strategies for optimising aesthetic outcomes.

About the Presenters:

Dr Chris Wholley is a specialist orthodontist in private practice in Claremont and Joondalup and Consultant Orthodontist at Princess Margaret Hospital for Children. He presents nationally and internationally and has published in Australian and international journals.

Dr Graham Carmichael is a Board registered Prosthodontist and faculty member of the Brånemark Center in West Perth. He graduated from the University of Western Australia School of Dentistry with Honours, has a Doctor of Clinical Dentistry in Prosthodontics from the University of Sydney and is a Fellow of the Royal Australasian College of Dental Surgeons. He has lectured nationally and internationally, and is actively involved in the teaching and education of Prosthodontics, and surgical and prosthetic implant therapy.
