The Art of Digital Photography and its Clinical Applications

Presented by Mr Szabolcs Hant & Dr Graham Carmichael

Course Outline:

The use of photography in dentistry has revolutionised the way clinicians diagnose and treat their patients. This course will teach the fundamentals of digital SLR photography and the principles of flash systems and lighting techniques.

The opportunity for hands-on learning using your own camera and equipment will be provided, as well as other camera systems. All delegates will receive a set of intra-oral mirrors and retractors as part of the course fee.

Topics Covered

- Basic principles of single lens reflex (SLR) photography.
- Optimal use of intra-oral mirrors and retractors.
- Shade analysis through photographs for ceramic and composite layering.
- Lighting techniques for intra oral photography
- Workflow management including cataloguing.
- Smile diagnosis and rehabilitation design.
- Learn how to use your own photography equipment or what to look for if purchasing.

What to bring if you have it:

- Camera and flash.
- Tripod.
- Laptop with photo editing software.

About the Presenters:

Mr Szabolcs Hant began his studies in Hungary in 1993 and completed a technician’s Masters Degree in 2004. In Europe, he had the opportunity to learn from masters such as Klaus Mutherties, Oliver Brin, Aki Yoshida, Robert Zubak and others who continue to inspire. He has had a passionate interest in aesthetic restorations and photography since first using a compact camera and in the following years with a DSLR. His excellence in photography has been recognised with winning photography competitions.

Dr Graham Carmichael is a board certified Prosthodontist and a Director of The Brånemark Center in West Perth. He completed a BSc and BDS at UWA and a Doctor of Clinical Dentistry in Prosthodontics at USyd. He is also a Fellow by examination with the Royal Australasian College of Dental Surgeons, and a MRAcDS in Prosthodontics. He has been a committee and executive member of various societies on a state and federal level including the President of the Dental Specialists Society of WA in 2018. He is a Consultant Prosthodontist at both the Craniofacial Unit at Perth Children’s Hospital and the Maxillofacial Department Royal Perth Hospital, and is a Senior Clinical Lecturer at the University of Western Australia. He has lectured nationally and internationally, and is actively involved in the teaching and education of Prosthodontics, and surgical and prosthetic implant therapy.
